

Product Information

Agroblen[®] Total

11-21-9+6MgO

Product description

Agroblen Total 11-21-9+6MgO is a completely controlled release fertilizer. The superior resin coating technique is used for coating the spherical granules. This creates the safest fertilizer Everris can offer. The product can be placed directly in the row. All nitrogen, phosphate as well as the potassium part of this base fertilizer are fully coated. The release period is 8-9 months.

Specific Usage

Base fertilizer for open field crops.

Product advantages

- The perfect fertilizer for Eucalyptus. The nutrients become available for the crop over a period of 8 - 9 months after application.
- Your crop will have nutrients available at all stages of the crop cycle.
- Steady and even nutrient release will lead to uniform crop growth.
- Agroblen Total is safe to use, with low EC in the soil in the early stage of the crop when roots are still sensitive to high salt concentrations.
- With Agroblen Total you minimize leaching of nutrients through rainfall or irrigation.
- Agroblen Total provides some immediate available phosphate to stimulate root growth.
- The balanced N:K ratio provides uniform plant development.
- Combining Agroblen Total 11-21-9+6MgO with a water soluble fertilizer in the second half of the growing season leads to the best results.

Product characteristics

Average granule size	: 2.76 mm
Bulk density	: 990 kg/m ³
Longevity	: 8 - 9 months 21°C average soil temperature
Packaging weight	: 25 kg
Item code	: 8635.03.25

Directions for use

- To be applied by row application or broadcasting.
- Do not apply Agroblen Total more than 1-2 weeks before planting.
- Work Agroblen Total in the soil at minimum 5 cm and maximum 10 cm depth.
- Close to the plant but not closer than 5 cm.
- Never directly under the plant!
- Place Agroblen Total under the dripper.
- Irrigation after planting improves product and plant performance.
- Do not use application equipment that will grind particles or damage the fertilizer coating.

Guaranteed analysis

11%	TOTAL NITROGEN (N) 3.1% nitrate nitrogen (NO ₃ -N) 7.9% ammoniacal nitrogen (NH ₄ -N)
21 %	PHOSPHORUS PENTOXIDE (P₂O₅) 15.7 % water soluble
9 %	POTASSIUM OXIDE (K₂O) 9.0 % water soluble (chloride free)
6.0%	MAGNESIUM OXIDE (MgO)
11.0 %	SULPHUR TRIOXIDE (SO₃)

Attention

As circumstances can differ and as application of products is beyond our control, Everris cannot be made responsible for any negative results. With this publication, all previous given recommendations expire. Before a new rate, product or application method is used, a small scale trial is recommended.

For more information or recommendation ask your local Everris dealer or Everris representative in your country. Consult www.everris.com for your contact in the region.
